

**RIGHT TO INFORMATION ACT, 2005**

**Disclosure of Information under Section 4(1)(b)**

**National Tuberculosis Institute  
Ministry of Health & Family Welfare  
'Avalon', No.8, Ballari Road,  
Bengaluru – 560003**

**Website: <https://www.ntiindia.kar.nic.in>**

**Information as on 31.08.2021**

**Article 4(1) (b) (i)**  
**Particulars of organization, functions and duties**

**A brief History: -**

The National Tuberculosis Institute owes its origin to the findings of a 1955-58 survey conducted by the Indian Council of Medical Research (ICMR) where high incidence of pulmonary tuberculosis was found across the country. Acting on the survey findings, the Government of India initiated actions to start an advanced research institute solely dedicated to the cause and, as a result, NTI was established in 1959, on a property, Avalon, donated by the then Maharajah of Mysore. The technical assistance was provided by the World Health Organization and the Institute procured the necessary equipment through UNICEF assistance.

The Institute has, ever since, been active in research projects and studies and has been successful in formulating a TB Control Program for the country which incorporates the clinical, epidemiological and sociological aspects of the disease. It is involved in activities such as training of medical and paramedical staff and personnel across the country, formulating policies and programs in accordance with the WHO recommended DOTS strategies, planning, coordinating and executing research on the disease and its epidemiology, monitoring of programs, campaigns and impacts and documentation and dissemination of knowledge through print and audio-visual media.

The Institute was accredited as a WHO Collaborating Centre for TB research and training in 1985.

**Activities Carried out at NTI: -**

The Technical Activities carried out include building the capacity of human resources for effective implementation of National Tuberculosis Elimination Program (NTEP) hitherto called as RNTCP, and to undertake Operational Research to strengthen the various services under NTEP. The laboratory has been designated as one of the National Reference Laboratories, which assess the quality of the sputum smear microscopy, newer molecular diagnostics, culture and drug susceptibility testing services in the laboratory network under NTEP. Additionally, the institute also provides technical support to WHO, SAARC,

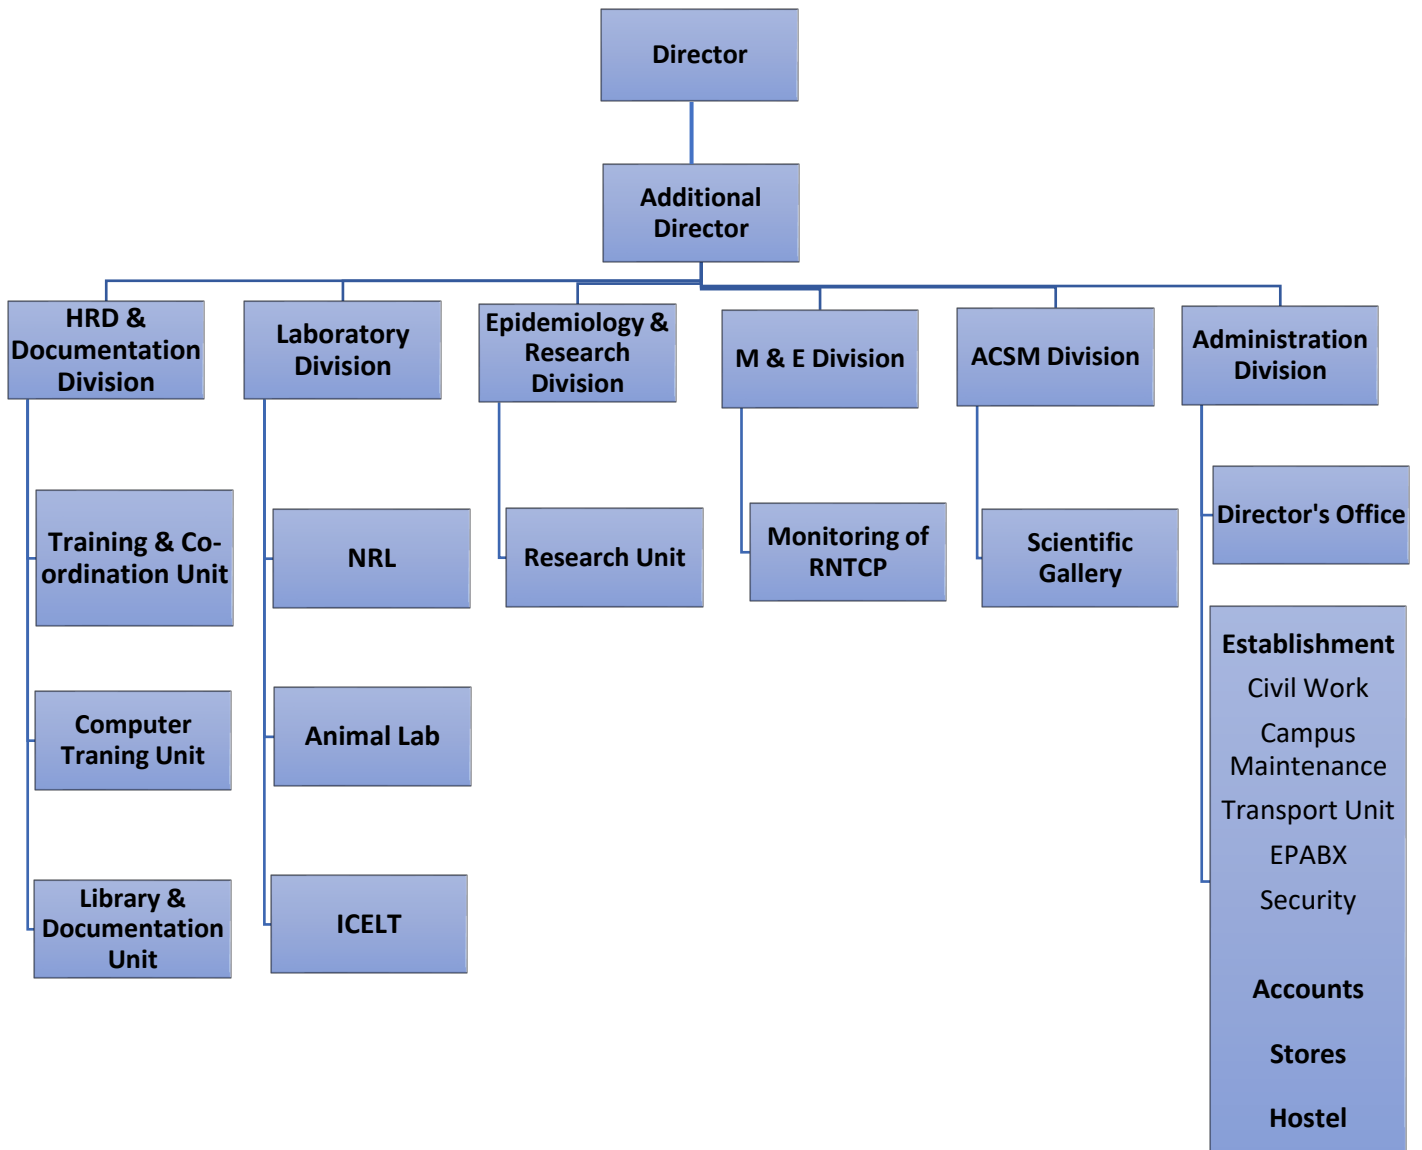

The Union and other Partners of Global TB Control. Being a technical arm of the Central TB Division, Director NTI is the member of most National Technical Expert Group Committees, TWG on NTEP and WHO South-East Asia Regional Technical Working Group on Tuberculosis Care and Prevention (SEAR TWG TB) and the Advisor is the co-chair of the Implementation Research group of India in TB Research Consortium, member of the SAC (Scientific Advising Committee of NIRT and the National Task Force on sub-national certification of progress towards TB Free states.

The core activity of the Institute is to support human resources development and strengthen the capacity of programme managers through training and skill development activities relevant to NTEP. The training courses are organized in close consultation with Central TB Division, New Delhi. The Institute shoulders the responsibility of training medical and paramedical personnel from various states in several facets of Tuberculosis control. Induction training in NTEP for programme managers, Training on Programmatic Management of Drug-resistant TB (PMDT) Guidelines, Training on procurement & drug logistics management, and several Laboratory based training programmes were some of the important courses held at NTI every year. The International Centre of Excellence for Laboratory Training (ICELT) imparts trainings on WHO endorsed Newer Diagnostic Techniques for TB. In order to establish a National Database on Tuberculosis an Open Access Repository of abstracts of published scientific papers from all major national institutes is functional under the TB Net project. The Institute also provides one-day sensitization on TB Control Programme to medical and para-medical students pursuing life sciences and nursing courses.

The following are the divisions in NTI employed to carry out its functions: -

1. HRD and Documentation Division
2. Laboratory Division
3. Epidemiology and Research Division
4. Monitoring and Evaluation Division
5. Advocacy, Communication and Social Mobilization Division
6. Administration Division

The Organization chart of NTI is given below: -

Functions of various divisions and their units are as follows: -

**1. Human Resource Development and Documentation Division -**

There are three units under this division and they are Training and Coordination Unit, Computer Training Unit and Library & Documentation unit.

**a. Training and Coordination Unit –**

The aim of NTEP training programmes is to ensure that programme managers, professors of faculties of medical colleges, medical officers, post-graduate medical students and paramedical staff are equipped with the necessary skills and knowledge required to implement and sustain TB control activities including quality assured diagnosis of TB, management of TB-HIV co-infection, management of drug resistant TB, data management and forging partnerships with all sectors involved in TB control activities.

All NTEP training activities at NTI are organized in coordination with the HRD unit at Central Tuberculosis Division (CTD). The proposed annual plan for training activities to be held at NTI is prepared for the ensuing year and sent to CTD. The CTD communicates the annual training plan to all State TB Officers. Prior intimation of the annual training plan ensures advance nomination of candidates in appropriate batch sizes and also provides adequate time to secure release of participants from their offices for attending the training programmes. Also, the Training Unit works in tandem with the computer training unit, hostel, stores and transport units of the institute to facilitate smooth organization of training activities.

**b. Computer Training Unit –**

The Computer Training Unit supports the following major areas: -

- Facilitate in organizing need-based training with relevance to programme and customized application related trainings
- Support Information and Communication Technology (ICT) Initiatives in the context of the Programme.

- Support Data Management and Statistical Analysis of research studies and other MIS.
- Caters to the need of maintenance of website / upkeep / up-gradation of IT infrastructure of the Institute.

### **c. Library and Documentation Unit –**

The activities undertaken by the unit are –

- Collection and Maintenance of Core periodicals on TB & respiratory diseases, documents on TB research, reports, proceedings, souvenirs, WHO unpublished documents, selected papers, and non-print media viz. slides, cassettes, transparencies, CD-ROMS etc.
- Coordinating with CTU in digitization of important research studies and hosting the same on the internet/intranet.
- Library provides the requisite information for the faculty members, staff of the Institute besides Medical and Para-medical trainees and delegates/visitors from medical fraternity.
- Coordinate in periodic updating of the NTI website, both internet and intranet.

## **2. Laboratory Division: -**

### **a. National Reference Laboratory (NRL)**

The laboratory has been designated as one of the National Reference Laboratories, which assess the quality of the sputum smear microscopy, molecular diagnostics, culture and drug susceptibility testing services by phenotypic and genotypic methods in the laboratory network under NTEP. The Whole Genome Sequencing facility has also been added recently. As an NRL, NTI supervises and monitors the quality of sputum smear Microscopy of laboratories in the Three states allocated viz. Karnataka, Rajasthan and Maharashtra The NRL trains laboratory

personnel and is responsible for certifying State Level laboratories i.e., the IRLs, Medical Colleges and other private laboratories for Culture and Drug Susceptibility Testing for detection of Drug Resistant Tuberculosis (DR-TB). Besides these activities it also supports State level Drug Resistance Surveillance (DRS) and Programmatic Management of Drug-resistant TB (PMDT) activities.

The NRL is also monitoring Bhopal Memorial hospital & Research Centre, Bhopal.

The National Reference Laboratory is quality tested by WHO Supra National Reference Laboratory (SNRL) Prince Leopold Institute of Tropical Medicine Antwerp, Belgium.

**i. Quality Assurance System (QAS):**

The Quality Assurance (QA) system for sputum smears microscopy in NTEP consists of Internal Quality Control (IQC), External Quality Assessment (EQA) and subsequently Quality Improvement (QI) of the laboratory services.

**ii. External Quality assessment (EQA):**

External Quality Assessment is performed by an On-Site Evaluation (OSE) visit. The components of EQA are infrastructure assessment, panel testing (smear microscopy) of the laboratory staff and analysing data from the Random Blinded Re-Checking (RBRC) at the district level.

The OSE visit facilitates the State TB Training and Demonstration Centres (STDC) and STC in reviewing the implementation of EQA especially on the problems of non-availability of LTs/DTOs, staff structure in STDC, training, Reagents Quality, disposal of infectious materials and RBRC activities.

### iii. **EQA of Molecular diagnostics:**

NTI is the only NRL currently responsible for EQA of CBNAAT and TruNat throughout the country using the dried test tube method of panel testing.

### b. **International Centre of Excellence for Laboratory Training (ICELT)**

International Centre of Excellence for Laboratory Training, supported by FIND, NTEP and Global Fund, was started in NTI Bengaluru with the mission “to support the scaling up of laboratory capacity building in India by providing hands-on training courses in the diagnosis and monitoring of major infectious diseases such as TB. Presently, ICELT is imparting trainings on WHO -NTEP endorsed Newer Diagnostic Techniques for TB and its drug resistance (CBNAAT, TruNat, LPA – 1<sup>st</sup> and 2<sup>nd</sup> line).

## 3. **EPIDEMIOLOGY AND RESEARCH DIVISION**

Research in TB control and related areas is one of the primary functions of the Institute. The Institute has put in place the mechanism of Technical Coordination Committee (TCC) for thorough technical discussion and exchange of information before finalization of the research protocols. The projects are also screened by the Institutional Ethics Committee for addressing the ethical issues. The progress of the projects is monitored by the TCC at periodic intervals. The findings of the research studies are also discussed in the TCC before their presentation in technical conferences /publication in leading journals. The key findings are also shared with the stakeholders and the programme managers either for strengthening the programme and policy changes.

Major functions of Epidemiology & Research Division are as under:

- To conduct community as well as facility based epidemiological, operational and implementation research in TB including preparing generic protocols, planning, organizing, implementing, monitoring & supervising, data collection, data management,

analysis and report writing.

- Provide Technical and Operational support to other Organizations/Institutions in the country in conducting TB Epidemiology and operational research studies.
- Provide mentorship and training in operational research, epidemiology and different aspects of TB control. This is either CTD sponsored, Union sponsored or the State sponsored activity.
- Mathematical modelling for assessing the burden of TB and also to forecast the requirement of ongoing and newer NTEP services required to achieve the targets set Globally as well as in India to End TB.
- Engage in other NTEP related activities including development of training modules & guidelines; provide technical inputs towards policy development, monitoring & supervision and providing support for the modular trainings and sensitization held by HR division of NTI.
- Provide technical assistance to other member countries of WHO-SEARO region as and when requisitioned.
- Research dissemination.

#### **4. MONITORING AND EVALUATION DIVISION**

The Monitoring & Evaluation Division (erstwhile Statistical Section) of the Institute plays an essential role and forms a supportive unit for the research activities. The erstwhile Statistics Section provided the statistical needs of all the research activities i.e. from the planning stage of studies or surveys, protocol development, designing study schedules/forms, sample size estimation, collection and validation of data, collation, analysis of data, generating tables, results and interpretation of the results of various research studies. At present, the monitoring activity for NTEP is being carried out by the Central TB Division under Ministry of Health and Family welfare. The Monitoring and Evaluation Division of NTI provides support to CTD in conduct of Central Internal Evaluation of different states by providing trained manpower. It also provides support

for statistical needs of all the research activities carried out by the Institution and in training the NETP functionaries in the online based TB surveillance programme called NIKSHAY.

Now, the Institute have Subordinate Statistical Service (SSS) Officers (Junior Statistical Officers) to maintain the standards of the statistical support for the research activities supervised by officers belonging to Indian Statistical Service (ISS) Cadre. However, presently, all the work related to Statistics wing with regards to various research studies and monitoring related work under taken by ERD, Laboratory Division, and HRD respectively is being carried out by the ISS officers and JSOs functioning under Statistics Unit.

## **5. ADVOCACY, COMMUNICATION AND SOCIAL MOBILIZATION DIVISION**

### **Scientific Gallery**

The Scientific Gallery has been established to disseminate the general information on TB, the evolution of the programme, research conducted by NTI and achievements of the Institute since its inception. Considering the needs of the diverse categories of visitors like Officials/staff of health and other departments, doctors, Para-medical personnel from government and private sector including the various categories of health-sector trainees. We have two modes for dissemination of information viz., display units (Photo Displays & health education panels) and Interactive Information Kiosk, in addition to the regular sensitization programmes that are undertaken by the division.

Para-medical personnel, post-graduate and undergraduate medical students, para-medical students and students of allied fields like microbiology, nursing etc undergo regular sensitization programme conducted by the ACSM division.

## **6. ADMINISTRATION DIVISION**

The Administration Division caters to all the administrative requirements of the Institute. The five units under this Division are Establishment, Accounts, Hostel, Stores and Transport Units. The major activities of the units are briefly furnished below.

### **a. Establishment**

The unit caters to the administrative matters, general upkeep of campus through CPWD, provision of contractual manpower to various divisions and service matters pertaining to the staff viz., Framing of Recruitment Rules in respect of all Group 'B' & 'C' posts as per the recommendation of VII CPC and its onward transmission to the CTD for its notification, holding of DPC for considering cases of promotion, confirmation, grant of MACP, processing of legal issues pertaining to service matters coming under the purview of Central Administrative Tribunals and Honourable High Court of Karnataka & SLP in the Supreme Court.

### **b. Civil, Electrical & Horticultural works and maintenance**

The Civil, Electrical and Horticultural works of the Institute are being executed through the Central Public Works Department (CPWD), under the Ministry of Urban Development and Poverty Alleviation, Government of India, out of the budget sanctioned to NTI during each financial year.

### **c. Transport Unit**

The Institute has fleet of 7 vehicles and the unit is responsible for the upkeep of the vehicles including in-house repair of vehicles, if feasible. The unit also maintains all documents pertaining to registration, insurance and condemnation of vehicles. The vehicles are primarily used for on the field/onsite trainings, field based research projects and

other outreach activities.

**d. Stores Unit**

Stores unit cater to the logistic needs of various Units/Divisions of the Institute. It is responsible for procurement and supply of stores items for smooth functioning of the Institute. This involves extensive procedures viz., receipt of indents from individual Units and their compilation, calling for quotations/ tenders, arrangements for opening the tenders, preparation of comparative statements and submission of the same to the Purchase Committee for its recommendations for further necessary action. The other functions of the Unit include:

- i. Maintenance of stores /stock ledger.
- ii. Arrangement for Annual Maintenance of equipment held by different Units/Divisions.
- iii. Arrangement for Annual Stock verification.
- iv. Arrangement for condemnation and disposal of unserviceable items as per Government laid down procedure.
- v. All major procurements are made through GEM

**e. Hostel Unit**

The hostel unit of the institute caters to the accommodation needs of medical & paramedical trainees attending various training programmes and also officials visiting from headquarters and other Institutions/Offices. The Institute has two hostel blocks viz., Krishna Nivas and Cauvery Nivas and a Guest House. Krishna Nivas block has 25 double bedded rooms; Cauvery Nivas has 9 single rooms & 5 guest rooms and the Guest House has 7 beds. The Mess attached to the Hostel provides hygienic boarding facility.

**f. Accounts Unit**

The unit caters to the financial matters of the Institute. This includes:

- i. Preparation of annual budget and performance budget proposals.

ii. Drawing and disbursement of salaries, traveling allowances, medical reimbursement & other claims and advances related to the staff & officers.

iii. Calculation and disbursement of MACP arrears, Pay re-fixation, and payment of arrears.

iv. Processing of payments pertaining to procurements made through stores and annual maintenance contracts services.

**Article 4(1) (b) (ii)**  
**Powers and duties of its officers and employees**

Officers and other employees are posted to various units as mentioned in Article 4(1)(b)(i)

Every unit is assigned a unit head or in-charge who have been given supervisory powers to oversee the functions of their respective unit.

Every division is assigned a divisional head who have been given supervisory powers to oversee the functions of their respective division and the units under them.

The Director, NTI being the head of the institute have been delegated all the powers.

Directory of Head of the institution, Heads of various divisions & units, etc. are given below:

Sl. No	Name	Designation	Functional Job	Email ID	Contact Number

**Article 4(1) (b) (iii)**

**The procedure followed in decision making process, including the channels of supervision and accountability**

**a. Technical Matters: -**

Decisions are taken in consultation with the Technical Coordination Committee (TCC) which includes all Divisional and Unit Heads of the institute. The decisions are finalized at the level of the Director, NTI for which the Director has been delegated all the powers.

**b. Administration Matters: -**

Decisions are taken in consultation with Additional Director and In-Charge of Administration. The decisions are finalized at the level of the Director, NTI.

All the cases are dealt with keeping in view the rules and regulations issued by the Govt. of India from time to time.

**Channels of supervision:**

**Article 4(1) (b) (iv)**  
**The norms set by it for the discharge of its functions**

As per rules, regulations & instructions issued by the Government of India from time to time.

**Article 4(1) (b) (v)**  
**The rules, regulations, instructions, manuals and records, held by it or under its control or used by its employees for discharging its functions**

The following are used by NTI, Bengaluru for the discharge of its functions:

- a. General rules and regulations issued by the various Central ministries pertaining to Office and Establishment, Financial Management, Disciplinary Proceedings, Medical reimbursement as needed for day to day functioning of office, CCS conduct rules, leave rules, LTC rules, Service conditions, Procurement rules.
- b. Circulars, Orders, Memoranda and such other communications received from Govt. of India or various Ministries from time to time.
- c. Relevant judgements of the Honourable Supreme court of India, various High courts of and other subordinate courts.

**Article 4(1) (b) (vi)**

**A statement of the categories of documents that are held by it or under its control**

The following files/documents/reports are maintained in the office of NTI, Bengaluru:

- Files related to Appointment of Staff.
- Personal Files and service books.
- Court case litigation files.
- Files related to Procurement of stationeries and Furniture.
- Circulars and Office Memorandums.
- Various bills.
- Test Reports.
- Annual Reports.
- Manuals and guidelines of various surveys and research studies.
- Reports of Various studies.
- Library Books.
- Other miscellaneous files/documents/reports.

**Article 4(1) (b) (vii)**

**The particulars of any arrangement that exist for consultation with, or representation by, the members of the public in relation to the formulation of its policy or implementation thereof**

Institutional Ethics Committee (Research) has representation from the general public, social medical scientist, a lawyer besides the faculty of medical colleges and NTI faculty.

**Article 4(1) (b) (viii)**

**Statement of the boards, councils, committees and other bodies consisting of two or more persons constituted as its part or for the purpose of its advice, and as to whether meetings of those boards, councils, committees and other bodies are open to the public, or the minutes of such meetings are accessible for public**

The following committees have been constituted in NTI, Bengaluru: -

1. Pay Fixation Committee (4 Members)
2. Local Purchase Committee (3 Members)
3. Committee for considering the applications for appointment on compassionate grounds (4 Members)
4. Journal Committee (5 Members)
5. Purchase Committee (3 Members)
6. Committee for considering cases of MACP (4 Members)
7. Committee to implement Civil and electrical works at NTI, Bengaluru (4 Members)
8. Committee for updating the website of NTI, Bengaluru (4 Members)
9. Committee for hiring contractual staff for Security and Human Resources (6 Members)
10. NTI Staff Quarters Committee (5 Members)
11. Editorial Committee (4 members)
12. Prevention of Sexual Harassment Committee (6 members)
13. e-Office Committee (7 Members)

NTI, Bengaluru has no direct dealing with the members of the public in relation to formation of its policies or implementation thereof.

**Article 4(1) (b) (ix)**  
**A directory of its officers and employees**

Details of Officers: -

Sl. No	Name	Designation	Functional Job
1.	Dr. Somashekar. N	Director	Director
2.	Dr. N. Udanesha	Additional Director	Additional Director
