## Reg. Panel discussion

Dear Dr. Chitra Nagaraj,

We are deeply indebted to you for your statesman like address and conduction of the panel discussion on "Organization of TB Control Programme (NTP & RNTCP)" at the 12th Karnataka State Conference on Tuberculosis and Chest Diseases held at Bidar, Karnataka from 4th to 6th January 2002.

Although, I have heard many good talks and discussions, I can say, sincerely without any attempt at flattery, that we have listened to one of the most constructive and thoughtful panel discussions, on the subject of the TB Control Programme that has been delivered in many years. Please accept my hearty congratulations.

With warm regards,

Dr. V.C. Mailapur,  
B.Sc.,MBBSS (OSM)  
Family Physician  
Rukmini Hospital  
Mailapur Lane,Fort Road  
Gulbarga-585 101

## Reg. Library Services

Respected Madam,

This is to thank you for your kind help and guidance extended to me during my visit to the NTI library on the 24th and 25th of January, 2002. I hope you remember me, the postgraduate student from Delhi, who was looking for some references on contact tracing for his thesis. I wish to acknowledge this help given by you in the 'Acknowledgement' section of my thesis and I therefore seek your permission for the same. If you will permit, I would like to mention your name and sincerely acknowledge the help accorded to me.

Please grant me another favor. You had given to me a file of Bibliography to search for the references on contact tracing. There was a typewritten page in that file mentioning the references on contact tracing. I had got two of those articles from 'Proceedings of the National TB Conferences (of 1970 & 1971, I think) photocopied, but I forgot to note the exact references. I have the articles now but I need the exact references to be able to quote them in my thesis. If you could kindly e-mail the references, it would definitely be of great help.

Thanking you in anticipation,

Dr. Lokesh Guglani
