
**PROGREESS REPORT ON INFORMATION, EDUCATION &
COMMUNICATION AND SCIENTIFIC GALLERY,
JULY - DECEMBER 2004**

IEC activities : A street Play on TB disease awareness among slum dwellers was organized in collaboration with Hope Foundation at Old Byappanahalli slum on 18th July 2004.

Scientific Gallery : The first draft (beta version) of the module on organization and functions of NTI was reviewed for modifications. Sr. Librarian along with other members visited the Empire studio, Bangalore for observation and necessary instructions. List of Protocols and their

status were reformatted for display in the scientific gallery. Final CD Version of display materials for Scientific Gallery was finalized. This CD containing display materials of Training programs, Important events, Research protocols etc & these were sent to M/s Empire colour Lab for final prints & Lamination. Development of software for Kiosk & Projection facility is under process. Scanning & Enlargement of Photographs of Luminaries in TB Control is under progress.
